

UNDERWATER SCOOTERS

SEABOB FS S

- **Performance up to:** 4.0 kW
- **Maximum thrust up to:** 680 N
- **Speed over water up to:** 20 km/h
- **Speed under water up to:** 15 km/h
- **Speed control:** 6 power levels between 0 % and 100 % via piezo buttons
- **Energy:** High-Energy Lithium-Manganese accumulators
- **Total capacity approx.:** 1.8 kWh; 48 V; 38 Ah
- **Diving depth:** 40 m
- **Special equipment:** Securing device for Pilot belt system
- **Extras:** Elements in a chrome design

Code	Operating time <i>Average</i>	Charging time <i>Approx.</i>		Dimensions L x W x H <i>mm</i>	Weight <i>Approx.</i>	Buoyancy in water <i>Approx.</i>

Special Colours

SEABOB F5

- **Shell:** Hard-integral plastic technology.
- **Motor:** Performance up to 2.1 kW.
- **Drive:** Maximum thrust up to 480 N.
- **Speed:** Depending on conditions over water up to: 15 km/h.
Depending on conditions under water up to: 11 km/h.
- **Motor control:** Speed control in 4 power levels between 0% and 100% via piezo buttons.
- **Energy:** High-Energy Lithium-Manganese accumulators.
- **Total capacity approx.:** 1.1 kW/h; 48 V; 23 Ah.
- **Steering:** By simply shifting body weight (left – right, down – up, over and under water).
High degree of manoeuvrability. It can be used in both small and large pool complexes.
- **Max diving depth:** 40 metres.

INFLATABLES & TOWABLES

INFLATABLES WATER SLIDE

Codes: MM FSC LS (Leg Supported slide, height > 5 mt)
MM FSC NLS (Non-Leg Supported slide, height < or = 5 mt)

AirStairs™

Ultra strong and lightweight, our unique AirStairs™ are fitted with a non-slip surface, providing a safe and comfortable ascent.

Handles for Comfort

Handles are placed in ergonomically comfortable positions in the climb area, assisting all participants to board the slide with ease.

Pressure Relief & Fill Valves

Tried and tested fill valves and relief valves to ensure that your slide is at a consistent equilibrium of pressure.

Hose Chase

All Cruiser™ slides come standard with a hose chase mounted on each side of the slide entry to hide the water hose during operation.

Cover Sheet

The Cruiser™ slide cover sheet is designed with an ultra slick surface which propels riders quickly down the slide. The sheet can be customized with your logo.

Logo Printing

Customize your slide by printing your logo or message on each side up to 305 cm wide. Four colour screen printing, hand painting or digital printing are available.

Each Individual Cruiser slide is custom built to the exacting specifications of your yacht

INFLATABLE CLIMBING WALL

Code: MM GYC CW

- Innovative mega yacht toy attachable to the side of the vessel.
- Top quality 0.60 PVC, synthetic ropes and specialist accessories.
- 3 different route types, each one characterized by a different colour to indicate the difficulty.
- Routes have been designed by professional rock climbers and can be customized according to the customer.
- Green holds: easy and ergonomic (beginners).
- Yellow holds: medium degree of difficulty (intermediate).
- Red holds: are smaller and positioned in a way to make the climbing very difficult (difficult).
- Standard size: 5x3mt, 110kg. It can be totally customized to suit the shape of the yacht, with hikes to the peak either vertical and horizontal.
- Easy to handle, light and compact, quick inflation (17 minutes), emergency valve for deflation
- Multi-functional toy; when not in use as the wall, it can be laid on the water, upside down and used as a large floating platform for sunbathing.

MANSUETO MARINE

QUEST 3 - INFLATABLE TOWABLE (3 RIDERS)

Code: MM COY QUEST3

- 76" L x 96" W (deflated)
- Fully covered, sit-on-top tube for 3 riders
- Inflatable backrest with divided "rider zones"
- 840D nylon cover with heavy duty PVC bladder
- 30 Ga. PVC bladder
- 8 Fully padded handles with knuckle guards
- Slight taper from front to the back
- Boston Valve with padded cover
- Delrin Quick Connect fitting, covered mesh bottom drains
- Peel and Stick repair kit included
- Pre-assembled

FUN 3 - INFLATABLE TOWABLE (3 RIDERS)

Codes MM COY FUN3

- 70" L x 78" W (deflated)
- Deluxe, fully covered, 3 rider deck tube
- Can be ridden seated or "chariot style"
- Pulls from two different ends
- 840D nylon cover
- 30 Ga. PVC bladder
- EVA seat padding at each rider position
- 6 fully padded handles with knuckle guards
- 8 padded grab straps
- Inflatable backrest surrounds riders
- 2-way towing
- Boston Valve with padded cover
- Delrin Quick Connect fitting, covered mesh bottom drains
- Peel and Stick repair kit included
- Pre-assembled

DUALY DELUXE - INFLATABLE TOWABLE (2 RIDERS)

Code: MM COY DUALYDELUXE

- 76" L X 70" W (deflated)
- Fully covered, deluxe 2-person tube
- 840 Denier coated nylon cover
- Fully enclosed 28 Ga. PVC bladder
- Inflatable back supports
- Inflatable seat cushions
- 4 padded handles with knuckle guards
- Boston Valve
- Delrin Quick Connect fitting, covered mesh bottom drains
- Peel and Stick repair kit included
- Pre-assembled.

www.mansuetomarine.it

CONNELY

WING DELUXE - INFLATABLE TOWABLE (1 RIDER)

Code: MM COY WINGDELUXE

- 63" L x 54" W (deflated)
- Fully covered speedster
- 420D cover with fully enclosed heavy duty PVC bladder
- Padded seat
- Inflatable backrest
- 4 fully padded handles with knuckle guards
- Boston Valve, Delrin Quick Connect fitting
- Peel and Stick repair kit included
- Pre-assembled

CONNELY

SPIN CYCLE - INFLATABLE TOWABLE (1 RIDER)

Code: MM COY SPINCYCLE

- 54" Diameter (deflated)
- Single rider tube
- 420 D Nylon Cover with heavy duty PVC bladder
- Designed specifically for the smaller rider, with smaller seat hole and handles
- 4 padded handles with knuckle guards
- Boston Valve, Delrin Quick Connect fitting
- Peel and Stick repair kit included

HORNET - INFLATABLE TOWABLE (1 RIDER)

Code: MM HOS HORNET

- 54" diameter (deflated)
- HO quick connect tow attachment
- Quick and easy inflation and deflation
- Nylon webbing covered soft foam handles
- Guaranteed lasting quality with our 1 year limited warranty
- 2K tube rope required

TYPHOON - INFLATABLE TOWABLE (2 RIDERS)

Code: MM HOS TYPHOON

- 66" diameter (deflated)
- "D" - shape tube
- HO quick connect tow attachment
- Heavy-duty Boston valve – Quick and easy inflation and deflation
- Nylon webbing covered soft foam handles
- Guaranteed lasting quality with our 1 year limited warranty
- 2k tube rope required

MANSUETO MARINE

FORMULA 3 - INFLATABLE TOWABLE (3 RIDERS)

Code: MM HOS FORMULA3

- 94" L x 90" W (inflated)
- Secure, cockpit style seating
- HO quick connect tow attachment
- Heavy-duty Boston valve – Quick and easy inflation and deflation
- Nylon webbing covered soft foam handles
- Guaranteed lasting quality with our 1 year limited warranty
- 4k tube rope required

EXTREME XL - INFLATABLE TOWABLE (4-6 RIDERS)

Code: MM HOS EXTREMEXL

- 90" L x 90" W (inflated)
- Inflatable side bolsters for extra stability
- HO quick connect tow attachment
- Heavy duty Boston valve – Quick and easy inflation and deflation
- Nylon webbing covered soft foam handles
- Guaranteed lasting quality with our 1 year limited warranty
- 4k tube rope required

- Side rubbing stake on the side tube
- Reinforced shackle d-rings
- Soft handles

Standard Equipment:

- Carrying bag
- Bellow pump
- Repair kit
- Towing rope
- Owner's manual

Optional items:

- Top seat patch
- Bottom wear patch

The following inflatable towables brands are also available

KAYAKS

CANOE KAYAKS

Tribal Kayak

Sit-on-top - Polyethylene type

- Capacity: 3 persons
- Length: 3,90 m
- Width: 0,90 m
- Height: 0,30 m
- Weight: 30 kg
- Max weight of kayaker: 95 kg
- Max load: 250 kg
- Level: all
- Stackable
- Self draining
- Both for mini-expeditions and for long cruises (sea or river)
- Light and easy to carry

Available Colours

Mid-Way Kayak

Sea Kayak - Polyethylene type

- Capacity: 1 person
- Length: 4,40 m
- Width: 0,65 m
- Height: 0,65 m
- Weight: 23 kg
- Max weight of kayaker: 95 kg
- Level: all
- Self draining
- Combination of performances of a traditional sea kayak (smoothness, speed, technical qualities) with those of a sit-on-top one (comfort, stability, safety).

Available Colours

RUNNING PADDLES

Model: Running
Sizes: 210, 215 and 220 cm
Colour: yellow/black

Features:

- For calm water and sea tours
- Aluminium shaft reinforced
- Blades loaded polypropylene

SEARUN PADDLES

Model: Searun
Sizes: 210, 215 and 220 cm
Colour: yellow/black

Features:

- For calm water and sea tours
- Aluminium shaft reinforced
- Blades loaded polypropylene
- Great fluidity

Other paddles models available.

WATERTIGHT BARRELS (SMALL SIZES)

Food grade PE
Sizes available: 3, 6, 10, 20 and 25lt

WATERTIGHT BARRELS (BIG SIZES)

Food grade PE
Sizes available: 40, 55 and 68lt
Fold down handles

LIFE BUOYANCY AID

See buoyancy aid vests on page 237 section 11, for further details

COMFORT SEAT

- Thermocompressed seat
- 3 fixing point
- Made for sit-on-top kayaks range
- Maintains and increases comfort

OTHER ACCESSORIES

Stowage straps, Security ropes, Towing rope, Plastic scoop, Trolleys, Plugs, Fixed and directional rod holders.

INFLATABLE KAYAKS

RTM KEO

RTM KEO DUO

These kayaks are highly versatile, large and lightweight, they are adapted to both whitewater and lazy rivers. Unique self-bailing feature allows the option to open several valves on each side for quick draining.

Code	Model	Specs	Uses
MM RTM KEO	KEO Single Kayak	Length: 290 cm / 9'6" Width: 96 cm / 37' 8" Depth: 34 cm / 13'4" Packaging dimensions: 60x40x38 cm Weight: 15 Kg / 33 Lbs	Mainly for experienced paddlers in whitewater
MM RTM KEO DUO	KEO DUO Double Kayak	Length: 374 cm / 12'3" Width: 96 cm / 37' 8" Depth: 34 cm / 13'4" Packaging dimensions: 60x40x48 cm Weight: 20 Kg / 40 Lbs	For whitewater, lazy water or fishing

Each boat includes : pressure gauge, air-pump, repair kit, owner manual & carrying bag.

Ask for different models of inflatable kayaks to info@mansuetomarine.it

AIR PUMPS

BRAVO SUPERTURBO BST 12 HP

Code: MM SCO 6130033

High speed and high pressure 12V electric inflator.

- Large air flow: 450l/min
- Automatic: stop when the selected pressure is reached
- Reliable: the combined solution "turbine & piston" allows to eliminate those parts which are subject to mechanical wear and tear
- It can inflate and deflate
- Complete with connectors and carry bag
- More powerful motor
- Motor gear made of brass
- 3 m cable of bigger diameter
- Weight: 1,9 Kg
- Adjustable pressure up to 800mbar (11,7 psi)
- Dimensions: 21x24x18cm

BRAVO SUPERTURBO BST 12 also available.

Code: MM SCO 6130031

- High speed 12V electric inflator
- Adjustable pressure up to 300mbar (4,4 psi)

BRAVO 12

Code: MM SCO 6130001

12V automatic boat inflator.

- Fast: about 150 l/min.
- Powerful: maximum pressure 300 mbar (4.4 psi)
- Adjustable: pressure from 150 to 300 mbar (2.2 psi & 4.4 psi)
- It can inflate and deflate
- Safety: automatic stop at selected pressure
- Complete with universal adaptor
- Dimensions: 23x13x13 cm
- Weight: 1.1 kg

Ideal for boats up to 3-4 meter long.

BRAVO TURBO MAX 12V
BRAVO TURBO MAX 24V

Code: MM SCO 6130022

Code: MM SCO 6130023

Fast electric inflator.

- Capacity: 1000l/min
- Max pressure 250mbar (3,6 psi)
- Adjustable pressure from 175 to 250 mbar with AUTOMATIC SHUT OFF
- 2 powerful motors on bearings mounted on an aluminum plate to disperse the heat
- High performance 3 m cable
- Tube with increased diameter, 3 meter long
- Safety fuse
- Inflates and deflates
- Dimensions: 31x18x19 cm
- Weight: 3.5 kg
- Consumption: 45-60 A max (12V DC inflator) 23-30 A max (24V DC inflator)

Ideal to inflate large rubber dinghies in a few minutes

**BRAVO TURBO MAX KIT 12V**

Code: MM SCO 6130021

BRAVO TURBO MAX KIT 24V

Code: MM SCO 6130036

Kit version for tender console mounting.

- Screws, brackets and inflation connectors included for permanent installation
- 0,5 m power cable with 100A cabled connector

Optional equipment:

TUBE ROLL

Code: MM SCO 3721015

- Length 28mt
- Int. Ø 25mm, Out. Ø 30mm

WATERTIGHT BOX

Code: MM SCO 7401158

- For flush deck installation
- Protects the inflator from sprays and dirt
- Nylon body, clear cover
- Dimensions out of deck: 34,5x22x1,8cm
- Depth inside the deck: 13cm

**BRAVO 230/1000**

Code: MM SCO 6130200

BRAVO 120/1000

Code: MM SCO 6130205

230V & 120V professional electric inflator.

- Air high volume and pressure, sufficient to reach the correct pressure in every kind of boat and/or inflatable structures in general
- Provided with connectors for any kind of use.
- Inflates and deflates
- Motors and fan system of great efficiency and reliability
- Capacity: 1500l/min
- Pressure: 230 mbar (3,3 psi)
- Power: 1100 W
- Dimensions: Ø 16,5 x h 27 cm
- Weight: 3 kg
- 3m cable

**BRAVO 230/2000**

Code: MM SCO 6130206

BRAVO 120/2000

Code: MM SCO 6130320

230V & 120V professional electric inflator

- One main motor and a supplementary one (booster) for greater capacity and pressure
- The two motors can run simultaneously, if needed
- Orange button for the main motor activation
- Red button for booster activation
- Thermal-ampere fuses for motors protection
- Main motor : 1800l/m capacity, 230mbar (3,3psi), 1000W
- Booster: 2500l/m capacity, 500mbar (7,3psi), 2000W
- Dimensions: 32x17x h 26 cm
- Weight: 4,1 kg
- 3 m cable

BRAVO 10 FOOT PUMP

Code: MM SCO 6090010

- Double chamber pump:
 - High air volume 5lt (less pressure), max 300 mbar (4,4 psi)
 - Lower air volume 1,6l (high pressure, max 800 mbar (11,6 psi))
- Visual pressure indicator
- Manufactured from strong nylon fiberglass reinforced
- Sun and sea environment resistant
- Big but lightweight due to the use of synthetic materials (1.9 kg)
- 4 antislip feet for greater stability
- Standard crush-resistant hose
- Universal hose/valve adaptors supplied as standard
- Dimensions: 35x25xh 8 cm

BRAVO 9 FOOT PUMP

Code: MM SCO 6090009

- Double chamber pump
- Suitable for both tubes and floors inflation
- High efficiency – high pressure up to 1,0 bar (14,7 psi)
- Dimensions: 32x23x h 7 cm

BRAVO 8M FOOT PUMP

Code: MM SCO 6090018

- Reinforced fabric coated bellow
- All stainless steel metal parts
- Universal adaptor
- Max pressure: 300 mbar (4,4 psi)
- Dimensions: 32x23x h 7 cm
- Capacity: 6,5 l
- Built in gauge meter to allow the instant reading of the pressure

Bravo 8 model, without gauge meter, also available.

BRAVO 7M FOOT PUMP

Code: MM SCO 6090017

- Reinforced fabric coated bellow
- All stainless steel metal parts
- Universal adaptor
- Max pressure: 400 mbar (5,8 psi)
- Dimensions: 28x21x h 6 cm
- Capacity: 5 l
- Built in gauge meter to allow the instant reading of the pressure

Bravo 7 model, without gauge meter, also available.

Other foot pumps models available on request.

BRAVO JUMBO

Code: MM SCO 6120010

Very resistant hand pump, for a professional use.

- Single-action pump; diameter 12,5 cm (5")
- It can inflate and deflate
- Capacity: 400l/min at 60 strokes/min
- Really strong body made of PVC
- Adjustable hose function (for easier inflation and deflation)
- PVC hose (length 2 m/78")
- Silicon rubber gaskets. Spare gasket for the piston inside the pump.
- Height 70 cm (28")
- Provided with adaptors for the most common types of valves
- Max pressure 300 mbar (4,4 psi)

BRAVO 4 KITE

Code: MM SCO 6120042

Double action hand pump.

- 2x2000 cc capacity
- Inflating and deflating action
- Very sturdy aluminum handle
- Suitable for pressures up to 1 bar (14 psi)
- Equipped with elastics for fastening the kite's sail
- Gauge meter of 1 bar (14,7 psi) included

BRAVO 4 ALU

Code: MM SCO 6120043

Double action pump.

- Aluminium handle
- 2x2000 cc capacity
- Pressure up to 1 bar
- Body made of PP
- Dimensions: 11x22x45 cm

BRAVO 6

Code: MM SCO 6120006

Double action pump.

- 2x2500 cc capacity
- Body made of ABS
- Dimensions: 21x12x47 cm
- It works as a single action pump if top plug is removed

**BRAVO 6M**

Code: MM SCO 6120007

VAULT - WAKEBOARD

Code: MM ROX VAULT + size

Level: BEGINNER/INTERMEDIATE

- Sharp and wider profile
- Toeside rail is thinned out to sit deeper in the water creating additional grip
- Toeside fins are deeper, longer and closer to the rail for a strong/stable edge hold
- Heelside rail starts off softer/fuller for a mellower transition, then blends to a more vertical sidewall with less resistance on the water
- Heelside fins are shorter and further from the rail for a quicker release on spinning tricks
- 4 molded asymmetric fin shape
- 2 fiberglass 1.7" fins
- Mod Pour: a stiffer, lighter, super saucy core
- Krypto Cable combined with monocoque laminated glass (strong sidewalls)

Sizes: 128, 134, 139, 143 cm

ONE DEFY - BOOTS/BINDINGS

Code: MM ROX ONEDEFY + size

- Medium density liner
- Intuition liners - Heat formed custom fit
- Rad foam (shock/impact resistance)
- Feetbelts for ultimate heel hold
- Double stuff footbed
- Tool less mounting hardware
- Low friction eyelets
- Eco innovation
- Baseless hardware - low profile design

Sizes: 38/39, 41, 42, 43, 45, 46, 47/48

MANSUETO MARINE
